John,

I cannot fully express the gratitude of my client and myself with regards to the closing of my client's property in Coronado this last week. My client's previous lender backed out at the last minute and he would have lost over \$65,000 non-refundable deposit without The Loan Company responding so fast.

Starting the process late on a Friday afternoon and funding by Thursday the following week was amazing and much appreciated!!! I would definitely recommend The Loan Company to other clients.

Thanks again to you and your staff for a phenomenal job!

Sincerely,
