My name is Dennis Bragg and I am a real estate investor, developer, general contractor and realtor and have been doing business with The Loan Company for approximately 8 years both for personal and business lending needs.

I have always been impressed with the efficiency of the loan officers as well as the support staff in their office which helps to facilitate a timely turnaround of loan transactions. On the average, I am able to open the loan file, complete all required documentation and fund loans within 5 to 6 business days. Many of my transactions can be complicated and require a "special" touch to push the appropriate paperwork through the process. The Loan Company has always been able to satisfy these needs quickly and professionally.

I have and will continue to refer The Loan Company to other business associates as being ethical and professional as well as always aware of any sensitive issues surrounding a loan transaction.

I highly recommend their services and am willing to speak with any other party requesting a personal conversation about my experiences with them. Thank you.

Respectfully,

Dennis Bragg
