Subject: THANK YOU

John - Darcy,

I wanted to thank you both for being such team players, and allowing us (and me personally) to grow...

You are both doing a fantastic job, and the culture you have created reflects in the experience I have had with you as a client.

Be sure that up until now, and going forward, anyone I meet that needs a great lender and real genuine people to work with, I will be sending your way.

I appreciate you both very much;)
