To Whom It May Concern,

This letter is intended as praise for John Lloyd and The Loan Company. It was the timely and creative financing provided to me and my partners that allowed us to acquire an excellent investment property here in San Diego County. John Lloyd and Darcy Peters went above and beyond to address our concerns with stellar customer service, before during, and even after the closing of the loan. We are very pleased with their services and will certainly look forward to many more deals in the future. Thanks to John and his team for such an incredible experience.

Sincerely,

Cody Evans
