Subject: Re: Another satisfied client obtains financing to achieve their goal- Your Loan 777 to TRANSMARK

Hi John,

I just wanted to take the opportunity to say hello and thank you for the expediency in the process of the loan to us last year. The experience of dealing with your company, specifically with Darcy was very good, easy and efficient at all times.

We keep doing some projects that we finance by ourselves, with our own capital. As soon as the opportunity of a bigger project that exceeds our capacity arises, we surely will be knocking your doors in no time.

Thank You again.
